Castara Retreats ranked no 1

Our guests say it all in their reviews – we are #1 on wheretostay.com for the whole of Trinidad and Tobago.

Friday Night BBQs In the Pavilion

This is a great way to meet people and sample some very good food. Sherwin, our boat captain and Porridge, our manager, are your hosts rustling up a delicious selection of tasty treats including the daily catch in ginger and garlic marinade served with delicious side dishes. Start with a complimentary rum punch and finish off with Banana Flambe and Coconut Ice Cream. Menus change weekly – book your place with Porridge.

FREE Wireless Broadband

What a wonderful way to introduce our summer 2011 Newsletter! We are just delighted to say we have now set up two wireless connections for our guests so they will be able to manage fast email and web browsing as well as Skype Voice calling from the comfort of their accommodation or our lovely Pavilion. Access details are in each accommodation.

Introducing our stunning new Pavilion

Planning a wedding, family anniversary or reunion? We have the perfect venue for you - a spacious brand new Pavilion set in our tropical gardens overlooking Castara Bay to the east and the Caribbean Sea to the west for those special sunset moments. The pagoda is 18ft x 15ft with comfortable, stylish seating, atmospheric lighting and an adjoining deck. It is available for all our guests or can be booked for your exclusive use for a special event.

New Developments at Castara Retreats

Comfortable, colourful outdoor furniture now graces all our decks with their million dollar views out over the village and Castara Bay – perfect for coffee in the cool of the morning before the sun rises above the rainforest ridge.

Visitor Comments Feb/March 2011

David Hayward

What could be nicer than to begin the day with a leisurely breakfast surrounded by exotic birds and wind up the day with rum punches and fireflies watching the sun set over the Caribbean?

Jasmine Hopcroft

We had a lovely holiday - just as we anticipated and even more. Rainforest tree house (as my boys call it) was SO beautiful and super relaxing.

Sue Butcher

Back in Blighty and just heard Bob Marley on Desert Island Discs and wished dearly we were back in Fisherman's Lodge!

Peter & Anne Wightman

We really enjoyed village life, the BBQs, the other guests, and the boat trip. We found that we didn't go off exploring as much as usual as everything was so lovely right in Castara. Hope to come again next year, and the year after...

And not forgetting the interiors!

You can now enjoy the comfort of Cane-Line furniture – top of the range Danish design – with its clean and simple lines. Our light fittings have also been upgraded – stylish, energy efficient and atmospheric.

Even better value...

We now offer a 10% discount for all our guests who return within two years. In addition, if you recommend family or friends and they book too, we'll add another 10%.

Fancy a last minute holiday? We offer excellent discounts – email Jean to find out if we have the perfect slot for you...

Short breaks may also be taken at the last minute from May – September (minimum two nights).
